## Kaman Corporation Form 8937, Appendix A

On March 21, 2017 (the "Record Date"), each shareholder of the common stock of Kaman Corporation ("Kaman") that was listed as a holder of record became entitled to a cash dividend with respect to its common stock. The cash dividend was paid to each shareholder of the common stock of Kaman on April 6, 2017. On March 17, 2017 ("the Ex-Dividend Date"), the cash dividend resulted in an increase in the Convertible Notes (as defined below) and a deemed distribution under section 301 of the Internal revenue Code of 1986, as amended (the "Code") by reason of Section 305(b)(2) and 305(c) of the Code. Section 6045B of the Code and the underlying Treasury Regulations (the "Regulations") provide that effective January 1, 2016, if a corporation issues a cash dividend with respect to stock that results in a conversion rate adjustment on a convertible debt instrument that is treated as a deemed distribution under Section 305(b)(2) and 305(c) of the Code, an information return (above, Form 8937) must be filed with the Internal Revenue Service ("IRS") describing, among other things, the action and the action's quantitative effect.

The information contained in the attached Form 8937 and this Appendix A thereto is intended to satisfy the requirements of public reporting under Section 6045B of the Code and Sections 1.6045B-1(a)(3) and (b)(4) of the Regulations by Kaman. The information contained in this notice is intended to provide only a general summary of certain U.S. federal income tax consequences of the conversion rate adjustment and is not intended to be a complete analysis or description of all potential U.S. federal income tax consequences of the conversion rate adjustment. You should consult your own tax advisor to determine the particular federal, state, local, or foreign reporting or other tax consequences of the conversion rate adjustment to you.

Line 14 - Description of the	On the record Date, each shareholder of common stock of
Organizational Action	Kaman that was listed as a holder of record became entitled to a
	cash dividend with respect to its common stock. Pursuant to
	Section 12.05(d) of the indenture, the conversion rate on the
-	3.25% Convertible Unsecured Notes Due 2017 (the "Convertible"
	Notes") was increased on the Ex-Dividend Date to take into
	account the portion of such dividend which was in excess of 14
	cents per share. Such adjustment to the conversion ratio on the
	Record Date is treated as a deemed distribution of property to the
	holders of the Unsecured Convertible Notes to which Section
	301 of the Code applies by reason of Sections 305(b)(2) and
	305(c).

Line 15 - Quantitative Effect of Organizational Action	Because there was a cash dividend declared and paid with respect to common stock and a corresponding increase in the conversion rate on the Convertible Notes, such increase in conversion rate of the Convertible Notes constitutes a deemed distribution of common stock to the holders of the Convertible Notes to which Section 301 applies. Kaman expects that it will have sufficient current or accumulated earnings and profits to treat the deemed distribution of property to the holders of the Convertible Notes as a dividend for U.S. federal income tax purposes and increase the basis of the Convertible Notes by the fair market value of the deemed distribution. Therefore, as a result of the increase in the conversion ratio of the Convertible Notes, each holder of the Convertible notes is required to include \$1.69 in gross income as a dividend per \$1,000 face amount of Convertible Notes and increase basis in such Convertible Notes by the same amount.
Line 16 - Calculation of Change in Basis	Sample Calculation: A holder of a Convertible Note has \$1,000 basis in a \$1,000 Convertible Note. A holder of a Convertible Note will increase its basis in such Convertible Note by \$1.69 as a result of the inclusion of the dividend in gross income for U.S. federal income tax purposes.
Line 17 - Code Sections Upon Which Tax Treatment is Based	Sections 305(b)(2), 305(c), 301(c), 316 and 301(d) of the Code
Line 18 - Recognition of any Resulting Loss	This is not a loss transaction.
Line 19 - Reportable Tax Year	The reportable tax year is 2017 for taxpayer reporting taxable income on a calendar year basis.
